

Welcome to Sharescript

The platform for screenwriters of any level

Have a blockbuster idea that can take the world by storm? Collaborate with other like minded and talented screenwriters to guarantee the greatest possible screenplay for your audience.

About us

Share Script is a screenwriting collaboration platform created for talented, passionate and dedicated screenwriters.

We aim to give screenwriters of any level the opportunity to work hand-in-hand with other talented writers and produce sensational screenplays. When you are new to screenwriting or doing screenwriting on the side, it can sometimes be difficult to find the right opportunities for collaborating on great projects. Sharescript aims to solve this issue.

We also aspire to become one of the only collaborative screenwriting platforms which gives writers smooth and seamless access to fellow writers' ideas, concepts, perspectives, approaches, and so much more!

Collaborate

The key to a great screenplay is a solid storyboard. The platform allows writers to get their great storyboards and ideas in front of other great writers, making collaborating on projects from start to finish seamless.

Build profile

As an aspiring screenwriter, it can sometimes be hard to get the word out. Share Script allows you to build your profile by networking with hundreds of screenwriters, agents and producers, making yourself known in the industry.

Purchase

Share Script also seamlessly bridges the gap between buyers and sellers of thrilling, captivating screenplays. Have a screenplay which you think may be worth a few quid? Why not identify its true worth by easily getting your work in front of agents, producers and even fellow screenwriters looking for the next big thing.
