Govt. Superior Science College

## Expertise

- Javascript
- React Native
- React JS
- Redux
- Firebase

## Language

English

Urdu

## Experience

### Dec 2022 - Present

Retrocube Software Company

#### Software Engineer - React Native

- Developed and maintained cross-platform mobile applications using React Native, ensuring seamless user experiences across iOS and Android platforms.
- Implemented responsive UI components and optimized performance to enhance app responsiveness and speed.
- Integrated third-party APIs and services, such as Firebase, RESTful APIs, to enable key app functionalities such as authentication, data storage, and push notifications.
- Utilized Redux for state management, maintaining a centralized and predictable state for complex application logic and data flow.
- Troubleshooted and debugged issues across different mobile devices and platforms, ensuring a consistent and bug-free user experience.

### Apr 2020 - Nov 2022

Devoppia

#### Software Engineer

## Projects

### Protravo

- This application resembles Airbnb which enables users to seamlessly connect with hosts and make room reservations.

### Dispatch Solution

- Developed a security application using React Native, designed to empower security company owners in tracking, assigning tasks, and maintaining documentation for their employees.

### Competitive Jones

### Air Asia
